AVERAGES

Bowlers must use highest 2023-24 USBC standard average or adjusted sport / challenge league average whichever is higher (21 games or more in one league). PBA & PWBA members whose average is below 220 will bowl scratch (220)

Bowlers with no previous season average shall use their current average as of 1st date of bowling. (12 games or more in one league) All others will bowl scratch.

Bowlers are responsible for verifying their own average, whether submitted by the bowler, team captain or others.

In the case of a team of 2 or more bowlers, the averages shall be combined to determine if the correct total is higher or lower than the submitted total.

If their submitted average is lower than required and results in a lower classification or more handicap, the bowler's score is disqualified. If the submitted average is higher than required, prize winnings will be based on the submitted average.

Corrections in average can be made up to the end of the 1st game of the series, or within 48 hours after the end of a series if the tournament manager, prior to the finish of the 1st game of the series, has given consent authorizing such extension.

AVERAGE ADJUSTMENT

10-pin average increase rule WILL be in effect.

Rule 319d will be in effect for this tournament.

Re-rating Rule 319e shall apply to all bowlers
If a bowler's accumulated tournament average, during the past 12 months for all, but not less than 21 games, exceeds the entering average by 15 or more pins, the accumulated tournament average must be used.

Twin City USBC averages can be found on our website: tcbowl.org
